SUSTAINABLE SOLUTIONS: EXAMPLE WATER PURIFICATION FOR HOTELS

RADISSON BLU, DAKAR (SENEGAL)

Radisson Blu has one of the highest standards worldwide. Iconic, stylish and sophisticated, Radisson Blu creates excitingly individual hotels for individual minds. Radisson Blu hotels across Europe, the Middle East and Africa are generally mindful about water use: They have reduced their water consumption by an average of 27% since 2007*. And more than 220 of the hotels have eco-labels, committing them to work on saving water and using fewer chemical products.

Kwatee water purification system

After analyzing the water, Kwatee installed a multi stage filtration system. It removes all unwanted components such as lime, particles, off-flavors such as chlorine and organic compounds and adds Magnesium to the water for a perfect water for demanding Blu customers.

Gourmet water

Radisson installed a water treatment system in November 2017. Now the quality of the coffee, tea etc. is independent of the tap water quality, because it is always the same purified excellent drinking water.

Technology

Kwatee has a wide range of products, from filters for houses, hotels, restaurants up to desalination plants for villages etc. In this case for Radisson Blu a combination of water softener and ultrafiltration system was installed.

HIGHLY PURIFIED DRINKING WATER

“Easy and reliable solution”

Important for the Chief Engineer Mr. Diouck was that the system is very reliable – nobody notices the water treatment system. It only produces pure water with a great taste.

„It tastes really good“

Mr. Diouck decided also to go for an osmose system for his more than 500 employees, so that they can also enjoy highly purified drinking water.

FAST FACTS

Water quality improvement

99,99%

of all microorganism, bacteria, virus and limescale are removed!
